Dear Training Partner,

With regard to the allocation of seats under 40% criteria (allocated for Service Sector (Repair/ Maintenance) courses to boost Entrepreneurship/ Self-Employment), projections from Training Partners were received.

1. Based on your projections, previous performance and availability of seats with PMU, **your allotment for the Month-July'19, as approved by PMU is attached, please**.

2. You are required to immediately upload the Batches as per allotted numbers and forward confirmation of starting of the batches. ***Last date and time for uploading the data for this allotment on ESDM portal is 11:59 AM on 25th July 2019*** failing which the allotment of batch(es) would be considered to be surrendered and the seats allotted would return back into the main vacancy pool for allotment to others.

3. Since you have already submitted the excel sheet of enrolled candidates, based on which this allotment is being made to you, there is no reason for not uploading the data within the assigned time.

4. **We have been directed to stop future allocations to the TPs who do not meet the timely uploading requirements**. Please concentrate on **uploading the correct data e.g. scanned clear photo, concessional category certificates etc. and have these available with you.**
Your Batch Start Date should be after the date of seeking Batch Approval on the Portal.

5. Please remember to select the correct Course code while creating the batch.... it should start with prefix TL/ .... and end with suffix "N"

6. The following files are attached for your information and quick reference:

(a) TP Manual – registration Process
(b) TP – Bulk uploading excel sheet
(c) Batch Creation Process
(d) Student Registration - Bulk Uploading Process manual

In case of any problem or query, please call me during office hours.
